

## **Issue of Opinion Reports on classification of chemicals**

To help various government/ regulatory bodies in the classification of chemicals under different categories/ classification codes, CSIR-IICT issues Opinion Reports (without any legal implications), on specific request from these bodies. Similar work is also extended to industry in some special cases.

On behalf of CSIR-IICT, **Head Business Development (BDT)** is the sole authority to endorse all such opinion reports and issue them to the concerned. CSIR-IICT does not bear any responsibility for notes/reports, which are not duly endorsed by the **Head, BDT**.
