
CONGRATULATIONS

Dr. S.Sridhar

Dr. S. Sridhar, Principal Scientist and his team from Chemical Engineering Division have successfully designed, installed and commissioned a Nanofiltration Pilot Plant of 5 to 8 M³ /hr capacity (1.0 to 1.6 Lakh Liters /day) for the project sponsored by TATA Steel Ltd., Jamshedpur entitled "**The Removal of Chloride by Tailor Made Ion Selective Charged Nanofiltration Membrane**".

The plant is successfully operating since 2nd February 2017 at Haldia Met Coke, West Bengal and was inaugurated on 12 April 2017 by **Shri B.K. Das**, Vice President, Iron Making in the presence of **Dr. Sanjay Chandra**, Chief R&D and SS, TATA Steel Ltd.

Congratulations to the Team IICT.

Letter of Appreciation

Date: 12/04/2017

Letter of Appreciation

On behalf of Tata Steel, I take the opportunity to express our thanks and pleasure to our collaborator Dr S Sridhar, Department of Chemical Engineering, CSIR-IICT, Hyderabad and his team for the successful installation and commissioning of pilot plant for the project entitled "**The Removal of Chloride by Tailor Made Ion Selective Charged Nanofiltration Membrane**" in Haldia.

The research efforts put by your team with R&D, Tata Steel for the development of this technology from lab to pilot scale were very special. We really enjoyed working with your team and look forward to a long association and many more successful demonstrations of breakthrough technologies.

Thank you again for your efforts
